School Ethos

The Leighswood community recognises that all forms of bullying, especially if left unaddressed, can have a significant negative impact on individuals; it can create a barrier to learning and have serious consequences for mental wellbeing.

By effectively preventing and tackling bullying our school can help to create a safe and disciplined environment, where pupils are able to learn and fulfil their potential.

At Leighswood school we:

- Understand the importance of challenging inappropriate behaviours between peers.
- Monitor and review our anti-bullying policy and practice on a regular basis.
- Support staff to promote positive relationships to help prevent bullying.

- Recognise that some members of our community may be more vulnerable to bullying and its impact than others; this may include children with SEND. Being aware of this will help us to develop effective strategies to prevent bullying from happening and provide appropriate support, if required.
- Will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensure our pupils are aware that bullying concerns will be dealt with sensitively and effectively; that everyone should feel safe to learn and abide by the anti-bullying policy.
- Require all members of the community to work with the school to uphold the antibullying policy.
- Recognise the potential impact of bullying on the wider family of those affected so will work in partnership with parents/carers regarding all reported bullying concerns and will seek to keep them informed at all stages.
- Will deal promptly with grievances regarding the school response to bullying in line with our complaints policy.
- Seek to learn from good anti-bullying practice elsewhere.
- Utilise support from the Local Authority and other relevant organisations when appropriate.
- Will ensure all allegations are taken seriously and victims are offered appropriate support, regardless of where the abuse takes place.
- Ensure children understand what bullying is and understand how they can report face to face and online bullying incidents.

Responding to Bullying Concerns

The following steps will be taken when dealing with any incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern. The incident will be reported on Cpoms using the “Bullying Related Incidents” category with the appropriate sub-category
- Senior Leaders will pick up all incidents reported on Cpoms outlining the actions they have taken to support the victim and address the perpetrator.
These will include:
 - Fully investigating the incident
 - Informing relevant staff members
 - Telephone, email or written communications with the families of victims and perpetrators of bullying
 - School support for the victims
 - Action/support for the perpetrators
 - Implementation of appropriate sanctions.
- Where the bullying of or by pupils takes place off school site or outside of normal school hours (including cyberbullying), the school will ensure that the concern is fully investigated and responded to in line with this policy and the school behaviour policy. If required, the DSL will collaborate with DSLs at other settings.

Cyberbullying

When responding to cyberbullying concerns, the school will act as soon as an incident has been reported or identified.

The school will:

- Provide appropriate support for the person who has been cyberbullied.

- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Contact the service provider or the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation.

This may include:

- Support reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
- Confiscating and searching pupils' electronic devices, such as mobile phones, in accordance with the law and the school's policies. (We will access the DfE 'Searching, screening and confiscation at school' and Childnet cyberbullying guidance to ensure that the school's powers are used proportionately and lawfully)
- Requesting the deletion of locally held content and content posted online if they contravene school behavioural policies.
- Where an individual can be identified, the school will ensure that appropriate sanctions are implemented to change the attitude and behaviour of the perpetrator, as well as ensuring access to any additional help or support they may need.
- Inform the police if a criminal offence has been committed.
- Provide information to staff and pupils regarding steps they can take to protect themselves online. This may include:
 - advising those targeted not to retaliate or reply.
 - providing advice on blocking or removing people from contact lists.
 - helping those involved to consider and manage any private information they may have in the public domain.

Supporting Pupils

Actions taken to support both the victims and perpetrators of incidents of bullying will be in line with our Relationships and Behaviour Policy. We will use a restorative approach to ensure we focus on perpetrators understanding the impact of their behaviour on the victim(s). We will work with them to identify how their behaviour can be improved in the future.

Pupils who have been bullied will be supported by:

- Reassuring the pupil and providing immediate pastoral support.
- Offering an immediate opportunity to discuss the experience with their teacher, the DSL, or a member of staff of their choice.
